

## The Marine Navigator 2010:

The new compilation of all Marine-related documents including files for technical needs, product installation questions or promotional activities is available now. The navigator provides valuable information at your fingertips in the convenient format of a DVD.

The first edition of the navigator was released in 2008. Since then, the navigator proves to be a vital tool for the Webasto Marine Comfort sales force and dealers.

Beside other updates, the 2010 edition include training modules as well as CAD drawings. Overall the DVD counts 2,373 files, arranged in an attractive design layout and a logic folder structure in order to allow quick access to the demanded file.
